

GIGABIT ACCELERATOR HDM-GA1

UPGRADE YOUR OLD SCHOOL PASSIVE HDMI® CABLES TO SUPPORT 4K/60 HDR SIGNALS

The Ethereal HDM-GA1 transforms your older existing passive HDMI® cables to 4K 24GBPS at a distance up to 15 meters. This makes it simple to upgrade speed and quality without re-running new cables! Installed at the display side of the system, the Gigabit Accelerator supplies a 4K UHD HDR output at 60FPS.

- ✓ 4K/60 HDR
- ✓ USB powered
- ✓ Compact design for easy installation
- ✓ Preventative for future technology
